Re: Request for Information Pursuant to the Comprehensive
Environmental Response, Compensation, and Liability Act, 42
U.S.C. Section 9601, et seq., for the Diamond Head Oil
Superfund Site, located in the Town of Kearny,
Hudson County, New Jersey

Dear Mr. Fox:

This letter seeks your cooperation in providing information and documents relating to the Diamond Head Oil Site (the "Site"), located at 1401 Harrison Avenue in Kearny, Hudson County, New Jersey. We encourage you to give this letter your immediate attention. A complete and truthful response to the enclosed Request for Information should be provided to the United States Environmental Protection Agency (EPA) within 30 days from the date of your receipt of this letter.

EPA has conducted response activities pursuant to our authorities under the federal "Superfund" law (the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 U.S.C. Sections 9601-9675 ["CERCLA"]) to assess the release and threat of release of hazardous substances at the Site. To date, EPA has collected ground water, surface water, sediment, soil, liquid waste and solid waste samples. These samples document the presence of volatile organic compounds, semivolatile organic compounds, pesticides, polychlorinated biphenyls, and metals. Further response actions are necessary to address the investigation and treatment and/or disposal of the contaminated materials which remain at the Site. The Site was proposed for the National Priorities List on July 27, 2000.

Under Section 104(e) of CERCLA, 42 U.S.C. Section 9604(e), EPA has broad information-gathering authority which allows EPA to require persons to provide information and/or documents relating to the materials generated, treated, stored, or disposed of at or transported to a facility, the nature or extent of a release or threatened release of a hazardous substance, pollutant or contaminant at or from such a facility, as well as the ability of a person to pay for or perform a cleanup.

Please note that false, fictitious or fraudulent statements or representations may subject you to civil or criminal penalties under federal law. In addition, Section 104 of CERCLA, 42 U.S.C. Section 9604, authorizes EPA to pursue penalties for failure to comply with requests for information.
